Statement regarding the effects of Russian invasion of Ukraine on International ITF Taekwon-Do activities

The Board of Directors of ITF Scotland stands with Ukraine. We wholeheartedly condemn the actions of the Russian military in their aggressive invasion of Ukraine, an independent and sovereign country.

ITF Scotland appeals to the International Taekwon-Do Federation as well as All Europe Taekwon-Do Federation to acknowledge the situation, to take clear and defined action and measures as recommended by the IOC ([IOC Statement 28/02/2022](#)) to suspend the Russian Federation from all sporting events in the immediate and near future.

"I shall build a more peaceful world."
